## ANNUAL MISSION TRIP TO EL NINO REY

Dr. Orbon has been going to El Nino Rey, Mexico for 18 years. Over the years, there has been a big improvement in overall dental and oral health. The care, information and products provided to patients has greatly reduced the amount of dental abscesses and necessary extractions.

*“Mouth guards are important to wear during physical activities. Athletes are able to keep their Smiles of a Lifetime® by wearing mouth guards.”*

– Dr. David Maddox

## PROTECT YOUR SMILE WITH A MOUTHGUARD\*

Be safe and keep these four things in mind, to prevent dental and facial injuries:

**Wear mouth guards** to help prevent injuries to the teeth, mouth and jaws when practicing or playing team sports, skating or riding a bike.

1. **Wear a helmet.**
2. **Wear protective eyewear.**
3. **Be alert even as a spectator.**

Be sure to ask the Doctors about mouth guards. Mouth guards are free of charge while a patient is in braces. Custom mouth guards are available to patients out of braces for a nominal charge.

\*sponsored by the American Association of Orthodontists® and the American Dental Association®
